FS-K7751 All Weather FSK Facing Tape

FS-K7751 is a pressure sensitive tape with a Foil-Scrim-Kraft lamination. Coated with a high performance, flame retardant cold weather acrylic adhesive. FS-K7751 has excellent adhesion capability at normal application temperatures combined with a superior low temperature performance. The epoxy resin coating contributes good surface anti-corrosion against moisture. Designed for tear resistant sealing, the release liner provides easy removal for efficient on-site application. Classified UL 723 and mold resistant.
